

The Laptop Experts

ENGINEERED
FOR
EDUCATION

Empowering Education with Dynabook

Dynabook are the laptop experts. Previously known as Toshiba computers, we have been working closely with schools across Australia and New Zealand since 1989. Since then, we've partnered continuously with educators to develop even better products and to date, we have provided over 250,000 mobile computers into the hands of students and staff to enhance their learning and teaching experiences.

Flexible Solutions for Every Learning Environment

At Dynabook, we understand that every educational institution has unique needs. That's why we offer a range of tailored technology solutions designed to support educators and students in their pursuit of knowledge. Whether in the classroom or remote learning environments, our devices are built to enhance engagement, collaboration and productivity.

Why Choose Dynabook?

Reliability You Can Trust

Our devices are engineered with durability and performance in mind, ensuring they withstand the demands of daily academic use.

Enhanced Security

Keep student and institutional data safe with advanced security features.

Tailored Configurations

Customisable solutions to fit your unique educational requirements.

Seamless Integration

Designed to work effortlessly with your existing IT infrastructure.

Supporting Educators and Students

Dynabook is more than just technology. We provide comprehensive support and services that empower educators to focus on teaching while giving students the tools they need to succeed.

Trusted by Leading Educational Institutions

For many years, Dynabook has proudly partnered with leading schools across Australia and New Zealand, including **Mount St. Michaels** in Brisbane, **Saint Kentigern** in Auckland, **OLMC** and **Arden** in Sydney, and **Thomas More College** in Adelaide. These institutions continue to choose Dynabook because of our unwavering commitment to quality, reliability and support. Our technology integrates seamlessly into their dynamic learning environments.

Partnering for the Future

We work closely with educators and IT administrators to provide solutions that fit seamlessly into your ecosystem. From procurement to deployment, our team is here to support your journey toward a more connected and efficient learning environment.

Let's Shape the Future of Learning Together

Discover how Dynabook can help transform your educational environment. Our flexible, tailored solutions are designed to meet your specific needs, supporting a future of limitless learning potential.
