

## HOW TO DETERMINE WHETHER YOUR PC HAS "HDD PROTECTION"

<Windows 8.1 OS>

1. Open Start by swiping in from the lower-right edge of the screen and then tapping **Start**.
2. Tap **Settings**.
3. Access **Uninstall or change program** in the **Windows Control Panel**.
4. If you do not see the affected software in the list of programs, you do NOT need to proceed further.

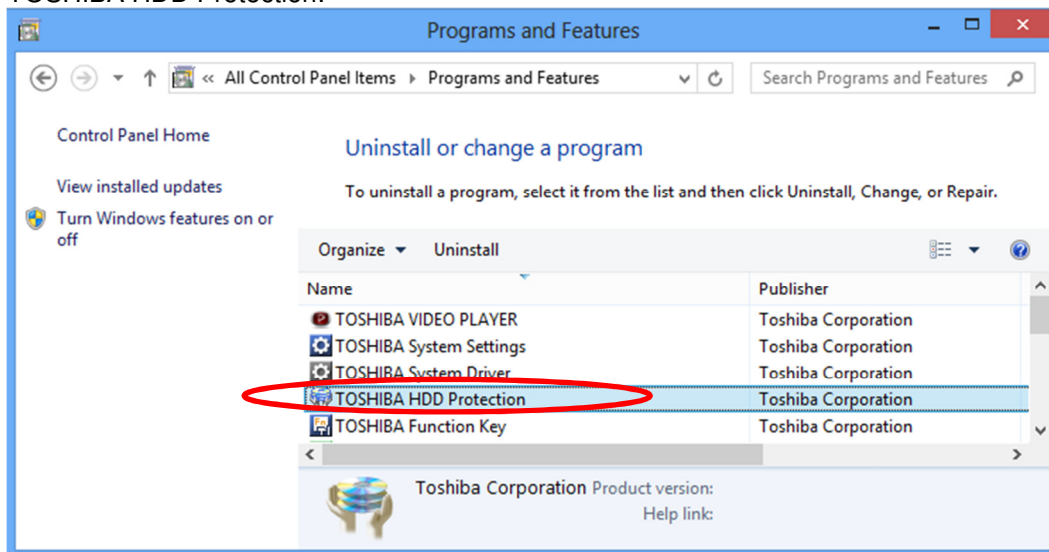

TOSHIBA HDD Protection:

<Windows 8 OS>

1. Open Start by swiping in from the upper or lower-right edge of the screen and then tapping **Start**.
2. Tap **Settings**.
