

Ultra Smart. Ultra Light. Ultra Capable.

PORTÉGÉ® X40L-M

The Portégé® X40L-M from Dynabook takes premium, high-performance computing to new extremes. To call this stylish, featherlight, Intel® Evo⁵™ platform laptop powerful is an understatement. Powered by new hybrid architecture Core® Ultra™ Series 2 processors, up to 32GB of LPDDR5x memory and Wi-Fi 7, this laptop delivers unprecedented performance and battery life. The 14.0" eyesafe® 16:10 IPS display, four-speaker Dolby Atmos® audio system³, and FHD webcam with 360° microphones foster unplugged collaboration and productivity.

Experience enhanced AI performance with Intel's leading Core® Ultra™ 2 processors. These processors boast integrated Intel Arc™ GPU for discrete level graphics performance. In addition, these advanced CPUs feature special capabilities for AI tasks through the neural processing unit (NPU) technology. With three engines dedicated to CPU, GPU, and NPU, these processors efficiently handle AI workloads by offloading AI tasks from the CPU, and enabling real time processing while conserving power.

PORTÉGÉ® X40L-M

Processor

Configurable with ultra powerful and highly efficient Core® Ultra™ Series 2 processors and Intel® ARC graphics, the Portégé® X40L-M delivers the industry leading speed, visuals, security, and enhanced connectivity features demanded by modern businesses.

Operating System

The Portégé X40L-M is pre configured with Microsoft® Windows 11 Pro the most widely utilised and secure computer operating system for businesses. Windows 11 Pro provides enhanced productivity features that deliver users a more personalised and intuitive user experience. Built on the consistent and compatible Windows 10 foundation, Windows 11 can be managed with familiar tools and processes.

Storage

Premium business laptops shouldn't just be powerful, but reliable too. That is why the Portégé X40L-M comes standard with ultra fast and reliable SSD storage.

Audio

The Portégé X40L-M features a premium, four speaker Dolby Atmos® audio system³ tuned to deliver a premium listening experience with an elevated soundstage for movies, music and games.

Docking

For maximised workspace productivity, Dynabook offers docking solutions that charge your laptop, support up to four external 4K displays and connect several USB-A accessories with a single wire connection.

Input Devices

Equipped with premium full sized, raised tile, backlit keyboard the Portégé X40L-M offers a satisfying typing experience. The large ClickPad provides 93.55cm² of surface for comfortable desktop navigation.

Uncompromising Performance and Next Level Efficiency

With full performance Core® Ultra™ 2 processor options, the Portégé® X40L-M benefits from the massive performance boost and enhanced efficiency afforded by Intel's all new hybrid architecture. Configurable up to 32GB of LPDDR5x and reinforced with ultra-fast SSD storage, Intel® Wi-Fi 7 and Thunderbolt 4™, the Portégé X40L-M delivers uncompromising performance.

The Lightest 14.0" Laptop We've Ever Created

Featuring an all new, elegant Dark Tech Blue Magnesium alloy and PCB chassis engineered to meet stringent MIL-STD-810H standards for durability. Starting from 1.05kg¹ and measuring in at 15.9mm thin, the Portégé X40L-M easily goes anywhere without weighing you down. Housing a large, 14.0" ultra-thin bezel display, premium raised tile backlit keyboard and large clickpad, the Portégé X40L-M takes exceptional to new extremes.

Connect at a New Level

Beyond its ultrafast Thunderbolt 4™ ports, the Portégé X40L-M features a mix of full-size ports, including HDMI® and USB-A (with Sleep & Charge) for seamless, adapter free wired connectivity. To maximise the benefits of Thunderbolt 4™, Dynabook offers docking solutions that seamlessly connect multiple external displays, as well as a variety of other USB and USB-C® accessories with a single cable connection.

A More Comfortable Viewing Experience

For those who put in long hours in front of a screen, the 14.0" Portégé X40L-M features an all new eyesafe® 16:10 IPS 1920x1200 display. Developed in conjunction with doctors, eyesafe technology selectively filters out high energy visible (HEV) blue light while maintaining crisp and vivid color performance to reduce the impact on the eyes.

Security Taken Seriously

The Dynabook Portégé X40L-M is among the most secure Windows PCs in the world. Featuring a secure mix of hardware, firmware, software, and identity protection technologies, it is suitable for mission critical users in even the most data sensitive industries. Dynabook writes its own BIOS, providing an incredibly secure foundation. Further bolstering security, this laptop features face and fingerprint biometric recognition options and an integrated webcam privacy shutter.

AI Enhanced Features

Fostering a collaborative workspace, Dynabook Online Meeting Assist utilises AI to ensure faces are bright and visible in a wide spectrum of lighting conditions, blur backgrounds and automatically keep the user's face centered in frame. Since these enhancements have been built into our software, users can easily turn on and off these features with a quick hotkey with any video conference software.

Microsoft Copilot⁴ key provides quick access to Microsoft's AI-powered Windows 11 experience, by simply pressing a combination of FN key and the new Windows Copilot⁴ key on the keyboard.

Advanced Noise Reduction

360° dual array microphones allow voices to be picked up omnidirectionally with equal gain from all directions giving the user the ability to roam freely around a room or to serve as the hub for multi person conference calls. Improving overall call quality, the AI Noise reduction isolates and filters out background noises at near and far end of calls to ensure participants can be heard clearly and effortlessly.

Robust Battery Life

The Portégé X40L-M features a large 65 Wh battery that provides enough power to last well beyond the typical workday. When not in use, Sleep & Charge technology keeps a USB port powered, allowing the laptop to charge a smartphone and other accessories.

Warranty²

3-year international limited warranty excluding batteries for all manufacturing defects. All batteries have a 1-year warranty.

PORTÉGÉ® X40L-M

Platform Specifications and Configurable Options

Operating System

Microsoft® Windows 11 Pro

Processor

Up to Intel Core® Ultra™ 7
vPro® H28 series processors

Graphics

Intel Graphics
Intel Arc Graphics⁴

Memory

Up to 32 GB LPDDR5x Onboard Dual channel support

Display

14.0" WUXGA 16:10 (1920x1200) IPS display
eyesafe® Display Certified

Storage

PCIe NVMe SSD up to 2 TB

Communications

Intel Ethernet Connection i219
