

# Power. Flexibility. Security.

## PORTÉGÉ® X45W-M AMD® 2-IN-1 CONVERTIBLE

Designed for modern work, the Portégé X45W-M brings together performance, flexibility and security in a premium 14" 2-in-1. Powered by AMD® Ryzen™ 200 Series processors, it enables professionals to create, collaborate and present with confidence wherever work takes them.

### Performance that Keeps Up

Powered by AMD® Ryzen™ 200 series processors with integrated AMD® Radeon™ graphics, the Portégé® X45W-M offers responsive performance for multitasking, productivity and content creation. Advanced power management combined with a 60Wh battery supports a full day of work, including video conferencing and collaboration.

### Tough by Design

Engineered for demanding environments, the Portégé® X45W-M undergoes MIL-SPEC durability testing to help ensure resilience against everyday bumps, travel and workplace conditions, all without sacrificing portability or refinement.

### Lightweight Strength

Built for mobility without compromise, the Portégé® X45W-M supports productivity wherever work happens. Its premium aluminium alloy/ABS chassis provides durability while remaining easy to carry throughout the day.

### Connect with Ease

Modern connectivity keeps you productive anywhere. With MediaTek® Wi-Fi 7, Gigabit Ethernet, HDMI, USB-C® and USB-A® ports, and webcam this device provides reliable connections and peace of mind whether in the office, at home or on the move.

### Made for Versatility

With a 360-degree hinge, the Portégé® X45W-M adapts instantly to your workflow. Switch effortlessly between laptop, tablet, tent and presentation modes, making it ideal for hybrid work, client meetings and creative tasks. The expansive 14.0" WUXGA touch display with MPP 2.0 pen support and 4,096 levels of pressure sensitivity delivers a precise and responsive inking experience. Low latency and palm rejection enable natural writing, annotation and content creation for extended use.

### Secure and Smart

Security is embedded at every level. With hardware based protection, TPM, optional biometric authentication and integrated Microsoft security processor technology, this helps defend against modern cyber threats, while advanced memory protection enhances system integrity for working environments.

## Platform Specifications and Configurable Options

### Operating System

Windows 11 Pro

### Processor

AMD® Ryzen™ 200 Series

### Graphics

AMD® Radeon™ Integrated Graphics

### Memory

Configurable up to 64GB DDR5 SO-DIMM  
Dual channel support

### Display

14.0" WUXGA (1920 x 1200) touch display  
360-degree hinge  
MPP2.0 pen support with penholder

### Storage

Up to 2TB PCIe NVMe SSD

### Communications

MediaTek Wi-Fi7  
Bluetooth®  
Gigabit Ethernet

### Camera

2.0MP FHD webcam

### Audio

Dual microphones  
Stereo speakers

### Ports

USB-C® x 2  
USB-A® x 2  
HDMI®  
microSD card slot  
Audio combo jack

### Security

TPM  
Optional biometric authentication  
Integrated security processor technology

### Battery

60Wh battery

### Physical Description

Aluminium alloy / ABS chassis  
MIL-SPEC tested

### Dimensions

315.6mm(W) x 229mm(D) x 18.9mm(H)  
Starting weight: From 1.587Kg<sup>1</sup>

### Regulatory/ Environmental Specifications

ENERGY STAR®  
Qualified RoHS compatible

### Warranty<sup>2</sup>

3-year international limited warranty excluding batteries for all manufacturing defects. All batteries have a 1-year warranty.
