

Smarter Than Before, More Stylish Than Ever

TECRA® A40-K

From the corner office to the local café, the 14" Tecra® A40-K is a performance rich laptop for today's work from anywhere professionals. Configurable with powerful and efficient hybrid architecture 12th Gen Intel® Core™ processors, up to 64GB of memory, Wi-Fi 6E and Thunderbolt™ 4, it is smarter, faster and more capable than ever. It's tough and stays clean too, with a sleek antimicrobial IONPURE® IPL¹ coated chassis that's uncompromisingly thin, lightweight and durable. Backed by Dynabook's proven reliability, the Tecra A40-K is ready for anything.

TECRA® A40-K

Processor

With full performance 12th Gen Intel® Core™ processor options, the Tecra A40-K benefits from the massive performance boost and enhanced efficiency afforded by Intel's all-new hybrid architecture.

Operating System

Windows 11 Pro provides enhanced productivity features that deliver users a more personalised and intuitive user experience. The Tecra A40-K can also be pre-configured with Windows 11 Pro and is eligible for a free downgrade to Windows 10 Pro.

Display

Measuring in at 14", the Tecra A40-K's screen is the perfect size for productivity and not too big that it hinders the laptop's portability. Available in touch and non-touch configurations, Dynabook has screen options to fit everybody's work style.

Audio

Great for collaborating, videoconferencing and more, the integrated stereo speakers produce clear, intelligible audio, while DTS® audio processing dials in the performance for different content types.

Connections

The Tecra A40-K is equipped with all the ports most professionals need for work, including two USB Type-A and two USB Type-C® Thunderbolt™ 4 ports, Gigabit LAN, a 3.5mm audio jack and a microSD™ card slot.

Docking

Packing a healthy selection of ports for displays, data sharing, and power, Dynabook offers USB-C® and Thunderbolt single cable docking solutions that can connect up to four external 4K displays.

Next-Gen Processor for Next Level Performance

Offering the latest hybrid architecture 12th generation Intel® Core™ processors, Intel® Iris® Xe graphics and up to 64GB of memory, the Tecra® A40-K can be outfitted for serious performance.

Fortified For Mission Critical Security

Engineered to meet Microsoft's strict Secured-core PC requirements (vPro models), the Tecra® A40-K features secure hardware and software designed to offer unrelenting protection against data, device and identity threats.

Defends Against Microbes

The Tecra® A40-K boasts a unique Mystic Blue chassis that stands out from a sea of monochromatic competitors. The base, lid and palm rest are also coated with an EPA-approved antimicrobial paint additive called IONPURE® IPL to help inhibit the growth of bacteria.

A Full Size Workspace In A Compact Footprint

The thin and light Tecra® A40-K packs a full size workspace, complete with a narrow-bezel 14" display and full size backlit keyboard and large SecurePad (optional) into a smaller footprint.

Simple, High-Speed Connectivity

With two Thunderbolt™ 4 ports, users can connect to the latest accessories, docks, displays, and more at blistering speeds. Dynabook offers wired docking solutions that seamlessly connect up to four external 4K displays, as well as a variety of other USB and USB-C® accessories with a single cable connection.

Standing Out From the Crowd

The Tecra A40-K boasts a unique Mystic Blue chassis with a distinctive raised wave detail on the lid that stands out from a sea of look-alike competitors.

They also incorporate an EPA-approved antimicrobial paint additive called IONPURE® IPL¹ to help inhibit the growth of bacteria.

Torture Tested to Extreme Standards

Go from the office to customer sites and anywhere in between with confidence that your laptop will endure the environment. Though lightweight, the Tecra® A40-K is designed to pass MIL-STD-810H testing for durability and endurance.

Mastering the Modern Hybrid Workplace

Beyond its go-anywhere portability and unrelenting security, the Tecra® A40-K fosters a collaborative modern workplace with its HD webcam with privacy shutter, dual beamforming mics and powerful stereo speakers with DTS® audio enhancement.
