

Immersive Productivity with Intelligent Performance

TECRA® A60-M

Step up to a larger display and incredible enhanced performance with the Tecra A60-M. Featuring a 16" WUXGA screen and the latest Intel® Core Ultra Series 2 processors, this laptop is designed for those who need more space to work. The dual-channel Intel® Arc™ Graphics, up to 64GB DDR5 memory and expansive storage options up to 2TB make this versatile device to exceed your expectations. Enhanced with a higher resolution 5MP web camera and DTS Audio Processing, the Tecra A60-M is perfect for video conferencing and multimedia tasks. Durable and stylish, it's the perfect companion for professionals who demand more.

Unmatched Performance & Efficiency

Experience the incredible speed and efficiency of the new Tecra® A60-M, featuring Intel® Core™ Ultra Series 2 processors with a Neural Processing Unit and Intel® Arc™ graphics.

This powerhouse delivers accelerated performance and regular battery life, perfect for the demands of modern professionals.

Superfast Connectivity

Stay connected at super speeds with Intel® Wi-Fi 7 and a full suite of ports, including HDMI, Thunderbolt 4™, USB Type-A, USB Type-C and a microSD card slot. The Tecra® A60-M ensures you have all the connections you need to stay productive from any location.

Seamless Collaboration Anywhere

The Tecra® A60-M is built for flexible work with its 5MP AI-enhanced webcam, dual microphones and audio system with DTS processing. Enjoy super clear video conferencing and stay connected with your team, anywhere, anytime.

Stunning Visual Experience

Immerse yourself in the vibrant new 16" WUXGA display with a 16:10 aspect ratio (touch optional). Enjoy the bright, crisp and clear visuals that bring your content to life.

Advanced Security

Dynabook's Windows 11 Secured-Core PC laptops (vPro models) are designed with advanced security in mind. They integrate robust hardware and software defences into their core components, providing a fortified shield against cyber threats. With specialised hardware protections and firmware safeguards, these laptops ensure unparalleled security from login, defending against malware and firmware attacks to protect your critical data and uphold the integrity of your business.

Fortified for Peace of Mind

Dynabook's Secured-Core PC laptops (vPro models) offer unmatched protection against cyber threats, making them a top choice for businesses that priorities security.

Empowered with an AI Copilot³

Your AI assistant is accessible via a dedicated Copilot³ key that is integrated into the keyboard. It can streamline tasks such as launching apps and adjusting system settings through voice or text commands, while enhancing your efficiency and making device navigation easy.
