

Power Through the Workday. Business Class.

TECRA® A60-P

Built for bigger workloads, the Tecra® A60-P combines more screen space with intelligent performance. Featuring a generous 16.0" WUXGA 16:10 display and the latest Intel® Core™ Ultra Series 3 processors, it gives you the space and performance to get more done.

Dual channel LPDDR5x memory, Intel® graphics and up to 512GB PCIe NVMe SSD storage keeps your working day moving, backed by durable design, advanced security and high definition collaboration tools.

Unmatched Performance & Efficiency

The Tecra® A60-P is powered by Intel® Core™ Ultra Series 3 processors with an integrated Neural Processing Unit (NPU) which is ready to handle nextgen AI workloads while maintaining excellent battery life. Combined with Intel® graphics, this platform enables accelerated performance, seamless multitasking and intelligent power management, which are all engineered to keep professionals productive and responsive throughout their working day.

Advanced Security

Dynabook's Microsoft® Windows 11 for Copilot+PC laptops integrate robust hardware and software defences to provide advanced security. These laptops help protect against sophisticated cyber threats with specialised hardware protection and firmware safeguards, ensuring unparalleled security from boot up.

Fortified for Peace of Mind

Built to meet MIL-STD-810H validation, the Tecra A60-P is engineered to withstand the demands of daily business. Combined with Dynabook's trusted quality standards and a 3 year international limited warranty (All batteries have a 1-year warranty), it provides long term reliability and security assurance for modern organisations.

Empowered with Copilot Plus

Accessible through the dedicated Copilot+ key, your built in AI assistant helps streamline everyday work. Launch applications, adjust settings, summarise content, or find information instantly, all with keyboard or voice input, integrated seamlessly into Microsoft® Windows® 11 Pro for Copilot+PC.

Superfast Connectivity

Work from anywhere at full speed. With Intel® Wi-Fi 7, Thunderbolt™ 4 and a complete suite of ports including HDMI, USB Type-A, USB Type-C, RJ45 LAN and a microSD card slot, the Tecra A60-P keeps you connected and ready to collaborate in any workspace.

Seamless Collaboration Anywhere

Connect and communicate with crystal clarity. The built in 5MP AI enhanced webcam, dual microphones and DTS® Audio Processing deliver exceptional video and sound quality, perfect for conference calls, hybrid meetings and virtual collaboration.

Stunning Visual Experience

The expansive 16.0" WUXGA 16:10 display provides more vertical workspace and vivid, lifelike visuals for documents, content and multitasking. An optional touch screen configuration is available for professionals who prefer interactive input and greater flexibility.
